

December 14, 2025: Letter to Governor Abbott Regarding the Ineffective Government

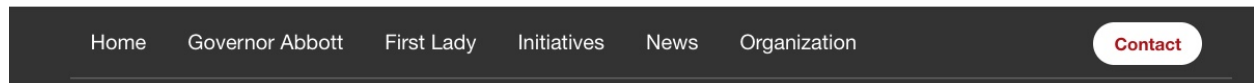

Governor Abbott:

I am writing again to inform your office that criminals from within the Federal (USA) government are continuing to spy on my home life and computer work product without any consequences, or concern for consequences, despite the fact that I have already reported this conduct to the San Antonio Police Department, the Texas Rangers, the FBI, and the United States Secret Service.

I am writing to inform your office that I have also attempted to contact my political representatives up and down the spectrum and nobody seems to be able to do anything at all to protect me and my home from the criminal enterprise that is being conducted by and through the American government.

Thank You for Contacting the Governor's Office

I am writing once again to alert your office that 1) crooked, dirty, cops that work inside of the national security state are attempting to 'involve' me inside of their criminal schemes (involve, meaning to include my home as a consequence, to affect my home as within the scope of their operations, to intricate my home into the form or condition of their criminal conspiracy, to cause my home to be troublesomely associated with their plot, to engage my emotions, and to implicate me into their criminal behaviors); and 2) my efforts to rid our life, home, and presence of their efforts has been completely ineffective (where effectiveness means to accomplish the purpose of pushing them off of our life and out of my computer, to actually operate a function of government that will protect our home from their unlawful spying, to have any power to produce any results whatsoever as a barrier from their illegal spying operation, or to achieve any positive result whatsoever from my ongoing attempts to contact people within the government that will care or concern themselves with the horribly egregious criminal conspiracy that is happening by and through the United States government under the command and control of the Republican Party leader, Donald Trump).

I am writing, once again, to inform your office that - from my perspective as an attorney at law in the State of Texas, our government has become ineffective and has no ability to prevent its

own criminal conspiracy from spilling out into and constantly affecting my home to our detriment.

As a citizen of Texas that is experiencing an ineffective government from the leadership of your political party, I WILL ABSOLUTELY BE ADVOCATING AGAINST YOUR RE-ELECTION TO THE OFFICE OF GOVERNOR AND I STRONGLY OPPOSE EVERY REPUBLICAN AT THIS TIME.

Your party is proving itself to be hopelessly and inextricably entangled with a major criminal operation that is causing actual and immediate harm to innocent citizens in your state and country. And as far as I can see, none of you are doing anything at all to stop it!

Apparently, your 'club' is fine with ruining its reputation in the community since you are now in charge of the dirtiest group of feds that I have ever encountered in my 45 years of life in America. Your party, not the Democrats, are responsible for the downfall of America!

Sincerely,

Chris Noel Carlin
